For collection

If it's in clean, good condition we'd love it!

Men's, women's, children's, babies' coats... we'll find them all homes.

You can donate it to The Lighthouse Centre

They will make sure it gets to the homeless or others who really need it this winter. How easy can it be?

The Communities team are collecting clean, unwanted winter clothes that are still in good condition, to pass onto the Lighthouse Centre Project who will in turn, hand them out to those who need them. The donated coats are not sold, simply given out.

Also required warm socks, underwear, deodorants & Jumpers
